ROUND TABLE

PROSPECTS FOR THE DEVELOPMENT OF RESOURCE EFFICIENT AND CLEANER PRODUCTION IN UKRAINE – RESOURCE EFFICIENT AND CLEANER PRODUCTION CENTER LEGAL FRAMEWORK

October 8, 2013
Kyiv, 7-A Pirogova Str.

AGENDA

Within recent years “green” economy movement started its expansion in respond to rapid economic growth and industrialization in many countries resulting in natural resources exhaustion and ecological degradation. One of the major “green” economy compones is resource efficient and cleaner production (RECP) aimed at technological processes improvement for enhancing resource efficiency in production and service provision sectors.

The round table objective is identification of obstacles and opportunities for RECP introduction at the Ukrainian enterprises and elaboration of recommendations as regards policy of state support of resource efficient and cleaner production in various sectors of economy.

The round table decisions will be used as a basis for legal framework regulating the development of “green” economy principles in Ukraine.
